INTERNATIONAL POLICING OF DISORDERLY MOROCCO

France and Spain Meet the Emergency Which Has Arisen

Warships Are Already On the Way and Arrangements Being Made for the Transportation of a Subjugating Force.

Paris, Aug. 2.—The French and Spanish governments are acting in concert, and with great promptness, to meet the situation that has arisen in Morocco. A warship of each power is on the way to Casa Blanca and three French and one Spanish warships are on the way to Morocco.

France has proposed to Spain the immediate landing of French and Spanish troops at Casa Blanca and in anticipation of a favorable reply has prepared a fleet of transports at Toulon. What further steps, if any, are contemplated, has not been made public. A slight delay and embarrassment in meeting the situation was caused by the absence of Premier Clemenceau, who is at Carlsbad taking the cure.

An official communication issued today says the action of the powers in Morocco is limited to that granted to them under the Algeiras convention. Up to midnight no telegram had been received from Tangier, representing the arrival there of fresh news from Casa Blanca.

A dispatch received here from Oran, Algeria, reports that the State Bank of Tangier has been pillaged and that a British consular employee has been captured between Tangier and Elksars. There is no confirmation of this news from Tangier.

SPANISH NAVAL EXPEDITION. Madrid, Aug. 2.—The government announces that in addition to the cruiser Infanta Isabella, the cruiser Don Alvaro de Bazan has been ordered to the Moroccan coast.

THE CHINESE CELEBRATE THE OLD HOME WEEK

A Bloody Battle in Boston Between a Local Society and New York Invaders.

Boston, Aug. 2.—Burning with hatred for deadly enemies belonging to the rival On Leong Tong society a band of New York Chinamen numbering a dozen or more and said to be members of the notorious Hip Sing Tong entered a narrow alley tonight, and after drawing revolvers opened fire on half a dozen Chinese, killing three and wounding seven. At the first volley the Chinamen rushed for their quarters. The Hip Sing men chased their victims into their own doors and shot them down as they rushed up stairs or into side rooms. Then, casting away their guns the visitors ran from the Chinese quarter, most of them escaping the police.

Two prisoners are charged with manslaughter. The police placed under arrest on suspicion seven other Chinese. Fully fifty shots were fired and that the visitors shot with careful accuracy is apparent from the fact that each of the three men killed were shot through the heart.

The trouble of tonight has been anticipated for more than a week. About ten days ago nearly a dozen Chinese strangers came to Boston and rented rooms near Chinatown. The police were notified of the fact by the Boston Chinese who feared trouble. Special details of police were at once placed on duty and the strangers suddenly disappeared. The trouble is attributed by some to the shooting which occurred in Philadelphia recently for which it is said a Boston Chinaman was partially blamed. It is thought the Chinamen who did the shooting tonight came from New York to punish the On Leong Tong for the Philadelphia outbreak.

FOR WANT OF AN UMPIRE.

Arbitration in the Chicago Teamsters' Strike Likely to Fail.

Chicago, Aug. 2.—Arbitration without an umpire, proved a failure in the case of the packing house teamsters and their employers. Negotiations were broken off today after the arbitrators for a second time had failed to agree on an umpire.

A strike of the teamsters was averted several weeks ago by an agreement to arbitrate the question of four cents an hour increase to all teamsters. At a meeting held on the threatened strike the teamsters decided to defer action in the interest of arbitration. The strike vote still stands as no motion was recorded to rescind the action taken by a vote of the membership. The business agent of the teamsters may call a strike any time without placing the matter before the rank and file of the union.

STANDING ALOOF FROM THE MARKET

Outsiders Are Leaving the Professionals to Keep Up a Semblance of Trading.

New York, Aug. 2.—The discouragement of professional traders over the absence of outside interest in stocks resulted today in a condition bordering on stagnation.

METALS

New York, Aug. 2.—London tin was lower, spot declining 12s 6d to £179. 10s; futures 7s 6d to £178. 15s. Locally it was dull and lower, \$39.50 to \$39.55. Copper was lower in the English market, declining 15c to £85. 10s for spot and £82. 5s for futures. Locally it was weak and nominally lower. Lead, \$20.21; electrolytic, \$19.50 to \$20. Casting, \$19.50 to \$19.55. Lead was unchanged, \$5.15 to \$5.25 locally but declining.

NEW QUESTION FOR TALESMEN

Will They Be Bound by Court's Instructions?

Introduced by the Defense in the Selection of the Halsey Jury.

San Francisco, Aug. 2.—In the presence of a large crowd of spectators in Judge Dunne's court, four of the twelve jurors who are to try Theo. V. Halsey for bribery, were finally chosen and sworn and an adjournment was taken until Monday morning. At that time a fresh venire of 100 talesmen will be returned and from among them the attorneys hope to select eight men to fill the panel. The first peremptory challenges were exercised at this afternoon's session, three by the prosecution, and five by the defense. Two arbitrary challenges now remain with the state and five with Halsey.

An echo of the Haywood trial was heard in the proceedings today. Several of the Haywood jurors, after a verdict of acquittal had been returned, intimated that they had voted "not guilty" on the strength of the instructions given by Judge Wood as to application of the evidence, the presumption of innocence and the suspicious character of accomplice testimony. In the cross examination of the Halsey jurors, the question now being asked, is in form, substantially as follows: "If, after listening to the evidence, you believed in your heart that Mr. Halsey was innocent, but the instructions of the court as to the law, leaned to conviction, would you follow your own belief or be guided by the court?"

One juror declared that he placed more reliance on his own sense of justice than on the statutes, and said frankly that unless the judge's instructions met his own belief he would cast the law aside. He was challenged for cause and stood aside.

Nearly every one of the five jurors similarly challenged by the defense, had declared in the course of the cross examination that he would be "guided solely by the court."

The retrial of the Glass case will not begin next Monday. Judge Lawlor postponed it until the following Wednesday to give the defendant time to procure other counsel, Delmas and McKee being now engaged in the trial of Halsey. Halsey consented to a short delay, and it may be still further.

A TRAFFIC LEAGUE
The idea is to secure an equitable adjustment of Market Conditions.

Chicago, Aug. 2.—As a result of the convention of traffic representatives of the commercial and manufacturing bodies from all parts of the country, the National Industrial Traffic League was formed tonight for the purpose of co-operating in the interchange of traffic rates and the establishment of uniform legislation throughout the United States. The league is formed as an offensive and defensive alliance for the purpose of keeping different trade centers in touch with one another with a view to maintaining an equitable rate adjustment between important markets.

The members propose to co-operate with the international state commission and with the various transportation companies in order that a better understanding among the bodies may be arrived at and with the idea of securing proper legislation and a modification of freight laws when necessary.

CALIFORNIAN PETITION FOR ADMISSION OF JAPS

The Double Purpose of Promoting Peace and Taking Care of the Crops.

Washington, Aug. 2.—According to H. D. Kercheval, a fruit grower of Sacramento, Cal., who is in the city in the interest of the International Equality League of California, of which he is a member, has adopted and will present to Roosevelt and the immigration authorities a petition demanding the admission of Asiatic labor and enterprise for California, "under no other restrictions than are imposed upon the admission of European labor and enterprise to our Atlantic seaboard."

The petition declares that only through this method can our foreign commerce be expanded and our peace with the rest of the world be promoted. "To save California from the decadence of her industries with reference to the soil" the petition concludes, "we demand admission to our state in equal numbers of aliens and Japanese free labor."

MARQUETTE NOT DESTROYED
Whita, Aug. 2.—Reports that Marquette was destroyed by a tornado last night are untrue. When communication was opened today it was learned that there had been only a slight wind and rainstorm.

SALOME.

The Board of Supervisors after making a personal investigation, selected Salome as the location for the branch county building and make the following statement:

"Salome is the natural center of the county at this time and will remain so, as all roads—stage and rail—lead to Salome. If you want to visit or inspect the northern end of Yuma county, make your headquarters at SALOME, THE COMING COPPER CAMP."

Yes indeed, we all do love it. Courses eight and ten in line. Still, it takes Donofrio's cactus candy To top a dinner every time.

CONSTABULARY STRIKE

A Probably Peaceful Solution of the Belfast Affair

Belfast, Aug. 2.—The situation tonight is much more hopeful. Chief Secretary of Ireland Birrell will arrive tomorrow and will use his personal influence to secure a peaceful settlement of the difficulties. Although the hotheads still talk of defying authorities, among the cooler men there appears to be a greater spirit of compromise.

When the constables paraded today to the various barracks to receive their weekly pay, there was not a murmur of discontent. Everything passed off without incident, and it is believed now that it will not be necessary to hold the proposed parade of the disaffected members of the local police force. The trade disputes are also in a fair way of settlement.

GOVERNMENT COTTON REPORT

Washington, D. C., Aug. 2.—The agricultural department cotton report shows the condition of the crop on July 25 as 75.9 as compared with 72.2 the same date last year.

THE EFFECT IN NEW ORLEANS

New Orleans, Aug. 2.—The government cotton report today caused October and other options to jump 25 percent.

NEW LINE OF ATTACK ON THE SUGAR TRUST

The Receiver of a Constituent Company Brings Action for an Accounting.

Trenton, N. J., Aug. 2.—A bill in equity which calls upon the American Sugar Refining company to give an account of its business for the past four years was filed before Chancellor Magie today on behalf of George H. Earle, Jr., receiver of the Pennsylvania Sugar Refining company of Philadelphia. The suit, it is said, is the only one of its kind ever filed in this country. The step taken by the receiver may be the means of opening an entirely new field for investigating the trust.

The suit is separate from that for \$30,000,000 damages which Earle instituted against the American company in New York. Earle holds that in procuring the controlling interest in the Pennsylvania company in 1903, the American company became a trustee for the concern and is responsible to it for an accounting, although the American company never operated the opposition company's plants.

WHICH IS WHICH?

San Francisco Will Soon Know Who is Mayor

San Francisco, Aug. 2.—A test case to decide the validity of Mayor Taylor's appointment began this morning when Harry MacKay, secretary to the Mayor, filed in the supreme court mandamus proceedings to compel Auditor Horton to recognize the validity of his appointment. The justices signified that they would give an immediate consideration.

THE MAGILLS TO BE TRIED TRIUMPHAL

Both the Banker and His Wife Indicted Of the Late Defendant Haywood

The Bills Show Six Ways of Murdering the First Wife.

Clinton, Ill., Aug. 2.—The grand jury that is investigating the death of Mrs. Pet Magill, the first wife of Fred Magill, who, with his second wife, is in jail, charged with having caused the death of Mrs. Pet Magill, today returned one indictment against Magill and one indictment against Mrs. Fay Graham-Magill. The indictments are exactly alike, each containing six counts.

The counts are as follows: That Mrs. Magill was murdered by the administration of strychnine poison; that the murder was done by arsenic; that the woman was smothered with a quilt; that she was strangled to death by chloroform; that she committed suicide as the result of a compact and agreement; that her death was caused by defendants, by means unknown to the jury.

Magill and his bride of four weeks, were in the crowded courtroom when the indictments were returned. During the afternoon session, Judge Cochran sustained a motion to quash the sixth count of both indictments. He overruled the motion to quash the other indictments, holding that they were good.

The defense immediately filed a motion to consolidate the two cases, so that both husband and wife would be tried together, and the court took this under advisement. The defense then asked that the trials be set for a hearing as speedily as possible and the judge announced that November 9th would be the earliest possible date, but after considerable argument on the subject the judge adjourned until Saturday when he will decide whether the trial shall begin next week or in November. The defendants were arraigned and pleaded not guilty.

THE NARROWING MARGIN OF WILLIAMS' VICTORY

Governor Vardaman Developed Unexpected Strength in the Country Precincts.

Memphis, Aug. 2.—Returns to the Commercial Appeal at 9:30 tonight show a considerable reduction in the majority of Congressman Williams over Governor Vardaman in the contest for the Mississippi senatorial nomination. Vardaman polled an unusually heavy vote in the country precincts, and as these districts report the contest is becoming close.

THE MARGIN WIPED OUT
Vardaman continues to gain as the count nears the end. He is 635 votes in the lead with sixty-four counties heard from.

ELECTRIC CAR VS. AUTO.

A Collision in Which Three Motorists Were Killed.

Jackson, Miss., Aug. 2.—A westbound electric car struck an automobile containing four Jackson residents about three miles east of here tonight. Mrs. Levi Palmer, Mrs. Emily Pulver and Bernice Oliver were killed.

A. R. Oliver, a prominent businessman who was driving, was probably fatally injured, while Mrs. A. R. Oliver, the fifth passenger, escaped with less serious injury.
